Kanon Digital Orchestration

Free Files

If you (or a group within the same organisation) buy the complete set of practice / rehearsal files for an opera - not necessarily at the same time - then Kanon Digital Orchestration will send you the complete orchestral file free of charge.

To get your free file simply email *support@kanon.co.uk* giving the invoice numbers from Payhip of your set of downloads and we will either send you a free coupon download code for Payhip or send the file via "we transfer" to your email address.
